

## Half Way Line Game

**Category:** Technical: Attacking and Defending Skills  
**Difficulty:** Moderate

Marc Francis, Denver, United States of America  
Individual-Adult Member

### Description

Simple addition to scrimmages to make games more effective and realistic

### Half Way Line (20 mins)

Players will play even sided (4v4 to 11v11)

Mark out a half way line. If a team has the ball, they must have every player over the half way line in order for the goal to count (excluding GK).

If a team is defending they must have every player back in their own half otherwise the goal counts as 5 against them.

#### Coaching Points:

- Quick Transition
- Stay connected
- Communicate
